Glas Water announces Holt Renfrew as a new client.

From the furs of our forefathers to the designer handbags of today's minted misses, Holts has been stepping it up for 170 years when it comes to meeting the evolving needs of Canada's distinguished clientele. Holt Renfrew offers many services, such as beauty services, concierge, gourmet, café, catering, personal shopping, salon & spa, as well as made to measure. They have stores across Canada in such places as Vancouver, Toronto, Winnipeg and Calgary.

Glas Water will supply a one time, 4-pallet order to Holt Renfrew which is to deliver to their Vancouver store in early January. The store will receive our proprietary 500mL smooth bullet bottle, with white cap and custom label. Each bottle is filled with glacial fed water from BC as well.
