Glas Water announces Pr1me as a new client.

Pr1me has been in the business of bringing people together through events since 1991. They are a full service meeting, incentive and event management company able to tailor their expertise to fit your unique needs. They design creative solutions to their clients' business objectives that motivate and energize.

Glas Water is providing a bottled water for one of Pr1me's client's events. The water will be produced in our BC plant, using the smooth bullet bottle and BC glacial fed water. After it's produced, we will be shipping the water to the conference centre in Ontario, Canada for the March event. The bottle has a white cap, which completes the custom label look.

About Glas Water Sales & Distribution

Located in Vancouver, British Columbia, Glas Water is owned and operated by Zion Group Ventures (Canada) Inc. a wholly owned subsidiary of Zion Group International. With a decade of experience in the water industry, focused on water filtration and private label markets, we have established a North American distribution network that allows us to service customers throughout the continent with our personalized bottled water. The Glas Water team all agrees to abide by and uphold biblical principles in dealing with both each other and our customers. We pride ourselves in our integrity, ethics, and exceptional customer service.
